

eco industry

We produce and sell  
the best.

From **Africa** to the world!

WITH US IT HAPPENS!  
#withusithappens

[www.ecoindustry.co.ao](http://www.ecoindustry.co.ao) | [www.ecoindustry.africa](http://www.ecoindustry.africa)

ECOINDUSTRY is the result of the Angolan entrepreneurial spirit, which bets on the economic diversification and industrialization of the country. Based on high quality parameters of prestigious European producers, it produces in Angola and markets to the world the best brands.

The level of support and technical assistance is what puts ECOINDUSTRY in the front line. It created the first technical training academy for swimming pool products (ECOPOOL Academy) and repair shop specialized in water supply equipment in Angola.

The ECOINDUSTRY JUNTEX Industrial Unit is the latest addition to its portfolio, based on facilities with unparalleled production capacity in Africa.

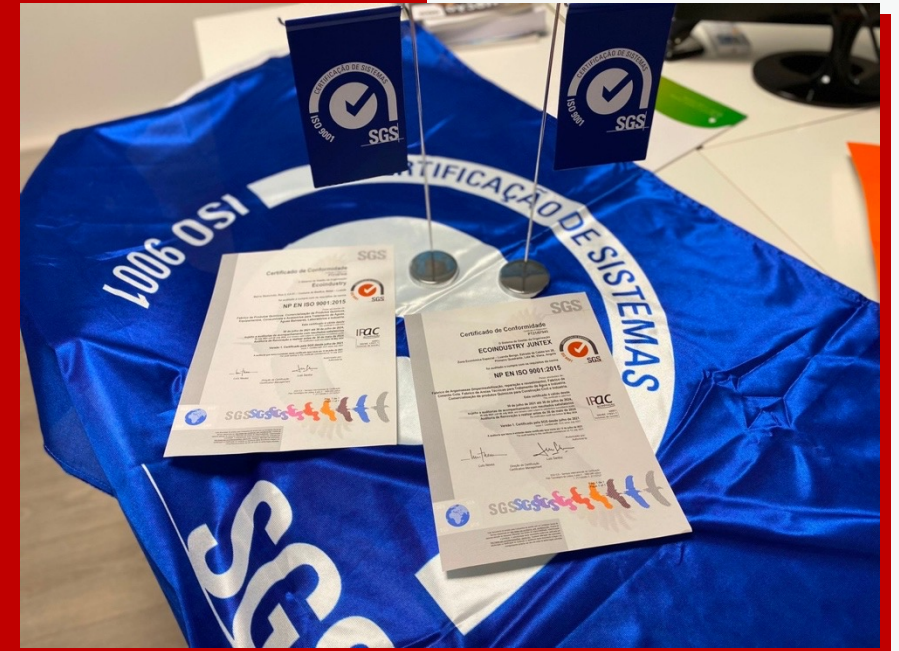

**WITH US IT HAPPENS!**

ECOINDUSTRY demonstrates the commitment to quality and customer satisfaction by ensuring the ISO 9001 Quality Management System certification, awarded by SGS.

The most important asset, the people!  
ECOINDUSTRY is committed to valuing its employees and the work environment, encourages and promotes constant updating and training, contributing to the enhancement of its employees.

The incessant search for excellence is what differentiates the ECOINDUSTRY team.

# PRODUCTS FOR SWIMMING POOL AND BATHING WATER TREATMENT

Liners

Covers and Accessories

Ceramics

## WATER DISINFECTANT

**Eco10** is a water disinfectant whose active principle is **10x** more powerful than chlorine. It kills all harmful microorganisms in water, is simple to use and **environmentally friendly** because it does not produce dangerous by-products. When in solution of only 0.3%, it ensures a **safe** and effective disinfection of water.

## ECOFOOD

Desinfetante  
Frutas & Legumes

Practical and safe chlorine-dioxide based **food disinfectant**. Suitable for the disinfection of all kinds of fruits and vegetables.

## ECOWASH

Lava Tudo

**Multipurpose** with lemon fragrance ideal for cleaning all kinds of surfaces: floors, tiles and small areas of kitchens and bathrooms.

## ECOLIXÍVIA

Lixívia Industrial

**High quality bleach** with broad spectrum fungicide and bactericide. Disinfects all kinds of surfaces such as floors, walls, tiles, utensils among others. It can be used in washing and whitening of clothes.

## ECOPURE

ÁGUA DESTILADA

**Sterile demineralized water** used mostly by professionals, odorless and colorless. Used in batteries, radiators, windshield wipers, irons and others.

# SPACE DISINFECTION – SUITABLE FOR COVID-19 CONTROL

## CHLORIFY

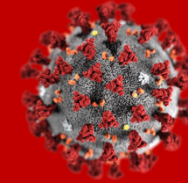

**Chemical disinfection of exterior common social spaces.**

Ensures efficient and reliable disinfection that prevents the proliferation of pathogens

## ALBILEX MULTI BIO CLEAN

It is a **universal disinfectant** spray effective in disinfecting various surfaces and hands. Ideal for combating viruses and bacteria everywhere

## ALBILEX SUPER 3

It is a **universal disinfectant spray** with **extraordinary effectiveness** - ideal for sanitizing critical areas. It eliminates pathogenic germs and **prevents recontamination**

## WATER TREATMENT CHEMICALS

**ECOINDUSTRY** specializes in the field of water treatment chemicals in particular:

- Boilers
- Reverse Osmosis
- Cooling Towers
- Water treatments
- Aluminum Sulfate
- Sodium Hydroxide
- Sodium Hypochlorite
- Sodium Chloride
- HTH
