KSB Pumps and Valves

ECOPOWER offers ideal solutions for:

Water collection

KSB offers innovative technology for water collection and groundwater management. Our products move water reliably and efficiently.

Water treatment

KSB combines technological progress and customer benefits with many years of experience in water treatment, water storage and seawater desalination.

Water lifting

KSB products guarantee reliability in water lifting and distribution.

KSB Pumps and Valves

**From Luanda to the
whole country:**

**Technical assistance for pumps and
valves - fast on-site assistance**

Our personalized assistance, provided directly at the customer's premises, minimizes the coordination required, allowing significant cost and time savings for our customers.

**Workshop service - for pumps and
other rotating equipment**

The **ECOPOWER** workshop provides professional services in Luanda, covering both KSB products and those of other manufacturers.

**Original spare parts from KSB -
avoid unnecessary downtime and
save energy**

All original **KSB** spare parts are designed and manufactured using state-of-the-art technology. They reduce energy consumption and prevent downtime.

WEG Motors and Electrical Components

- High-efficiency electric motors for various applications
- State-of-the-art transformers and generators
- Industrial automation solutions
- Products aligned with the Sustainable Development Goals

WEG Motors and Electrical Components

ECOPOWER is an authorized dealer for **WEG** - the global leader in industrial electrical technologies, founded in 1961.

The company has grown significantly, becoming one of the largest manufacturers of electric motors in the world, producing more than 21 million units annually.

WEG's product portfolio includes motors, drives, generators, transformers and automation solutions, serving sectors such as energy, oil and gas, mining and infrastructure.

WEG'S SCOPE OF SUPPLY

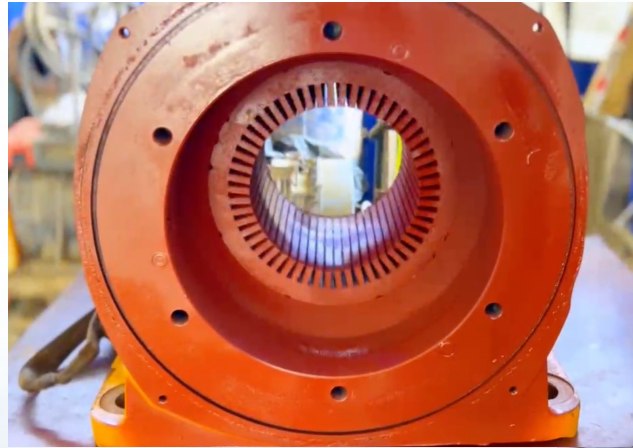

Workshop

Our technicians guarantee an extensive diagnosis of your equipment and apply the best repair solutions.

Trust us when you need us:

- **Multibrand Engine Repair and Winding**
- **Repair and maintenance of multi-brand water pumps**
- **Repair and manufacture of electrical panels**
